**Dear Georgia Dental Provider:**

Avesis would like to take a moment to thank you for your continued participation in our network. Now that we are approaching our two year anniversary of administration for the Georgia Medicaid dental program on behalf of our CMO partner – Peach State Health Plan – we want to reiterate important issues and changes that have occurred to everyone in our dental network. To that end, as promised, we will be hosting a series of provider education and update sessions. Some of the topics covered in these sessions will include:

- Program changes
- Assistance with claims
- Web portal navigation
- Prior Authorization procedures
- Hospital and IV sedation procedures

These sessions will be held at the following locations:
